

Become a member of the Independent Business Owners Association International (IBOAI) and operate your own web-based business utilizing these Partner Stores plus more. Enjoy convenience, savings, and discounts. Cellular companies, AT&T, and Sprint pay monthly rebates of 19% and 20%, simply when one registers as a member. All logos are owned by their respective companies.

With this membership, IOBs have access to a family of eight companies with exclusive anchor stores in major consumer markets such as Health, Beauty, and Home. These companies are known international and the exclusive anchor stores are only available through this business partnership. IOBs are compensated based on the volume created from these sites through their own web-based business.

List of Partner Stores as of February 2019 and subject to change. May vary by market. These change from time to time.
